DEAR TRADESHOW DECISION-MAKER:

Driving Your Success

The facilities management world will meet for the 15th anniversary of the National Facilities Management and Technology Conference & Exposition (NFMT) March 10-12, 2015. The extensive conference program and exhibits highlight the latest facilities innovations, new products and market developments. Get on board for this unique combination of trade show, conference and networking for the facilities management industry.

Achieving New Objectives

Facilities serve a multitude of functions for businesses, including security, employee productivity, energy efficiency, functionality and corporate branding. From energy management, to safety and security, to preventative maintenance and lighting, decision-makers facing major challenges will find the best possible solutions at NFMT.

Top facilities management professionals from the commercial, medical, government, industrial, educational, retail and hospitality markets will meet in Baltimore for an open dialog. The NFMT conference program provides superior educational sessions focusing on current and future-oriented facility management topics.

Exhibiting at NFMT March 10-12, 2015 is essential for your company to build new relationships and strengthen existing relationships with facility managers. You'll meet and talk to those who deal with facility issues every day.

If you have any questions or want to reserve space in the exhibit hall, please contact your account executive.

The account team has been organized to provide more personal service, so select the account executive for your company.

YOUR FUTURE BUSINESS PROSPECTS WILL BE THERE.

Exhibit at NFMT Vegas in October 2014.

NFMT Vegas is a two-day conference and expo that covers the complete spectrum of the building and facilities management industry.

WHY YOU NEED TO EXHIBIT

- You will gain immediate access to the lucrative facilities market
- Reach a new audience not available at any other show
- Close sales faster – meet with decision-makers, not tire kickers
- Full circle lead generation: get sales leads before, during and after the show
- Build awareness and preference for your products among facility executives

BUILDING OPERATING MANAGEMENT'S NFMT™ High-Performance BUILDINGS

National Facilities Management & Technology June 2-3, 2015 • Fort Worth, Texas

Amid growing concerns about rising energy prices, energy independence, and statistics showing buildings to be the primary energy consumer in the United States, NFMT High-Performance Buildings was born.

High-Performance Buildings is a two-day conference and product expo dedicated to advancing the awareness and understanding of energy and resource efficient, intelligent, people-friendly facilities.

Facility managers, architects, engineers, energy managers, sustainability managers and contractors will come together at High-Performance Buildings to learn how to create and operate highly automated facilities that reduce energy consumption.

These facility professionals are hungry for products and services like yours that will address buildings energy consumption concerns. Exhibiting at NFMT High-Performance Buildings is a surefire way to engage with these FM's in need.

To learn more about NFMT Vegas and NFMT High-Performance Buildings and the benefits of exhibiting, please call your Account Executive (see back page).
