Manufactures Represented

Air Cleaning Technologies, Inc.

- Custom field built AHU's
- Chemical, Biological, Radiological (CBR) Filtration systems
- CBR air handling systems

Flanders Air Seal

- Custom air handling units
- Make up air units
- Industrial fan/filter equipment
- Air pollution control equipment

Flanders Containment Products

- Bag-in/Bag-out housings
- Custom Engineered systems
- Bubble tight dampers
- Self contained isolation systems

Flanders Filters

- Pleated, bag & rigid air filters
- HEPA/ULPA filters
- Gas phase & odor control filters
- Particle & gas phase filter housings

Harmsco Filters

- Stainless steel water filter housings
- Replacement water filter elements
- Skid mounted water filter systems with pumps

Metal Aire, Inc.

- VAV/CAV boxes
- Fan powered boxes
- Electric or hot water reheat coils
- Thermal diffusers

Parker Hannifin/Finite Filters

- Compressed air filters & housings
- ASME Vessels
- Medical air breathing air systems
- Vacuum filters

Penn Barry

- Vane axial fans
- Utility sets
- Cabinet fans
- Centrifugal fans

Plasticair

- High plume dilution systems
- FRP fans
- Chemical wet scrubbers
- Perchloric acid fume hoods

Triatek, Inc.

- Pressure independent Venturi valves
- Constant and variable volume control
- Closed loop hood control
- Sash sensing with velocity override

USA Coil & Air, Inc.

- Belt/direct drive AHU's and fan coils
- Central station air handlers
- Replacement coils
- Fan coil units

Ultra Violet Devices

- UV lighting systems
- "Fly By" high intensity UV systems
- New or retrofit applications
- LEED energy & innovation credits

Services Provided

- Air Handler Restoration
- Duct Cleaning
- Cooling Tower Restoration
- Indoor Air Quality Testing
- Mold Testing & Remediation
- Filter Bank Upgrades
- Site Surveys & Equipment Verification
- CAD Drawings & Equipment Layout
- Filter Testing
