Superior services that fit your budget.

SERVICES

Your facilities are essential and directly impact business performance. The productivity of your employees is also directly influenced by the cleanliness, comfort and security of the places where they work. C&W Services maintains healthy and productive facilities by focusing on efficiency, reliability and your business priorities. We've built a service delivery model that ensures alignment with your goals, along with cutting-edge technology to optimize quality, speed and cost of operations.

We offer consistently high-quality service from professionals with the experience, training and credentials to keep your facilities running smoothly. From the largest and most complex facilities to the smallest, you can expect the same high level of responsive and innovative service.

FACILITY SERVICES

Janitorial Services

Our efficient, high-quality service uses green products and other industry best practices to consistently deliver the results you expect.

Critical Environments Services

You can be confident with reliable uptime and strict adherence to maintenance protocols in data centers, lab spaces and other mission critical facilities.

Grounds and Landscaping Services

We make sure your outdoor areas are as well-kept as interiors, from mowing and flower beds to sidewalk and parking lot maintenance.

Maintenance Services

From capital asset and facility maintenance to maintaining MEP and building fabric, our highly trained maintenance professionals take care of the day-to-day jobs that keep facilities performing as required.

Moving Services

A well-organized relocation ensures your people maintain 100 percent productivity throughout the transition.

Office and Mailroom Services

Smooth-running office and mailroom operations are the face of quality facility services—we work hard to make these tasks seem effortless.
