

## We invite you to experience the Bird•B•Gone® difference

When my wife and I started Bird•B•Gone® in 1992, we envisioned a company culture that would provide quality innovative products delivered on-time, treat each customer as friend, treat each employee as family, and make a difference in the lives of those less fortunate. 23 years later, the culture of Bird•B•Gone® still flourishes.

We believe in building relationships that last long after the job is over. At Bird•B•Gone®, it's more than just bird control products, it's "Faith, Family, Friends".

Sincerely,

Bruce Donoho  
Owner
