

ESSENTIALS SERIES

The award-winning Flex Lighting Solutions Essentials family of LED fixtures provide superior optical performance, quality and versatility for low and high bay applications. With industry-leading fixture efficacy of up to 176 lm/W and up to 80% lower power consumption compared to traditional lighting, Flex Lighting Solutions' Essentials Series LED low-bays and high-bays are designed to provide you with the lowest total cost of ownership (TCO).

- » Multiple lumen options (7,000-70,000)
- » 4000K or 5000K CCT standard
- » Clear and frosted polycarbonate lenses available
- » Aisle lighter distribution available
- » Supports 120-480V inputs
- » Cable, stem or surface mounting options available
- » 95% Initial Light Output at 5 Years*
- » 85% Initial Light Output at 10 Years*
- » Ambient temperature:** -40°C (-40°F) to 55°C (131°F)
- » 5-Year standard, up to 10-year optional warranty

When submitting for utility incentives and rebates, please use part numbers. Please see our DLC Cross Reference Part Number Guide for mating the Catalog Ordering Code to the corresponding part number at www.flexlightingsolutions.com/pdf/DLC-CrossReferGuide.pdf

¹ Optional add-on. See price list for pricing.

² Daintree options do not include Daintree ControlScope Software™, wireless connection hardware/infrastructures, or field commissioning. Consult Daintree for more information and ordering assistance.

³ Optional add-on available in 120-277V only.

⁴ Wireless programmer required for final field setup. See ACCESSORIES.

⁵ Optional CABLEKIT ordered separately. See ACCESSORIES.

⁶ Field installed EMB KIT must be ordered with this option. See ACCESSORIES.

⁷ All cords are 16/3 AWG, 600V, and white.

⁸ Consult factory for orders requiring DAINTR and EMBR.

⁹ Aisle Lens option available in Clear only

Accessories:

Must be ordered separately. Packaged separately.

Type	Part Number	Description
BOX PACKAGING	ES-BOX	Individual box per fixture.
CABLE KIT	CABLEKIT	Kit includes 10 ft aircraft "Y" cables and snap hooks (one pair).
SAFETY KIT	SAFETYCABLE	Kit includes (one) 5 ft aircraft cable with single snap hook.
BALANCING KIT	BALANCEKIT	Kit includes balancing weight for fixture. SPECIAL ORDER ONLY
WIRELESS PROGRAMMER FOR DIMMABLE OCCUPANCY SENSOR(S)	OCCDIMPROG	Handheld wireless programmer for setup OCCDIMXX dimmable occupancy sensors. Required with OCCDIM8, OCCDIM20 and OCCDIM40 selection.
DAINTREE OCCUPANCY SENSOR	DAINTOCC	Kit includes Daintree Wireless Controller with Integral Occupancy Sensor and 3 lens options (8', 20' and 40' ceiling height). Requires DAINTR option in the fixture for quick field installation.
WIREGUARDS	ES3-WG-XX	Wire guard protects LED modules from impact. Kit includes mounting hardware. XX = Indicate fixture model (Ex. 2MS, 2M, 4MS, 4M, 6MS, 6M)
REPLACEMENT POWER SUPPLY		Available upon request, Contact factory for details
EMERGENCY BATTERY BACKUP KIT	Emergency battery backup suitable for a minimum 90 minutes of emergency operation, when normal power is unexpectedly interrupted. EMBR required in fixture selection.	
	ES3-EMBLV	Direct-wired option with no cord
	ES3-EMBLV-C6W	EMB option with C6W cord, 6ft cord, 15A, no plug
	ES3-EMBLV-C15W	EMB option with C15W cord, 15ft cord, 15A, no plug
	ES3-EMBLV-C515	EMB option with 6ft. cord, 15A, straight plug 120V (5-15P)
	ES3-EMBLV-CL515	EMB option with 6ft. cord, 15A, locking plug 120V (L5-15P)
	ES3-EMBLV-CL715	EMB option with 6ft. cord, 15A, locking plug 277V (L7-15P)
	ES3-EMBLV-CL720	EMB option with 6ft. cord, 20A, locking plug 277V (L7-20P)

CLASSIC SERIES

The Classic Series LED high bay combines the superior performance you've come to expect from Flex Lighting Solutions with the classic look of a traditional round high bay. Classic delivers 20,000 lumens with as few as 137 watts, a 70% energy reduction versus a 400W metal halide fixture. Classic also has multiple reflector options, making it a perfect 1-for-1 replacement in high and low bay applications where a traditional look is desired.

- » 20000 lumen offering
- » 4000K or 5000K color temperatures
- » Aluminum Reflectors and Polycarbonate Refractors available
- » Supports 120–480V inputs
- » Stem and hook mounting options available
- » 89% Initial Light Output at 5 Years* and 80% Initial Light Output at 10 Years*
- » Quick and simple installation
- » 5-Year standard, up to 10-year optional warranty

* Based on 24/7 operation.

LINEAR SERIES

The Flex Lighting Solutions Linear family of LED fixtures provides quality and versatility for many applications. Available as a Retrofit kit (DW) or as a Stand-Alone fixture (CRM), the Linear Series offers industry leading efficiency of up to 153 lm/W and up to 63% power reduction over traditional fluorescent lighting. The Linear Series is designed to replace linear fluorescent continuous-run, utility and strip fixtures with long-lasting, more efficient LED technology; lowering your total cost of ownership (TCO).

- » 2000, 3000, 4000, 6000 and 8000 lumen offering
- » 4' and 8' lengths available
- » 4000K or 5000K color temperatures
- » Frosted acrylic lens
- » Supports 120–277V inputs
- » Two mounting configurations Stand-Alone fixture or Retrofit kit available
- » Durable steel housing available
- » 88% Initial Light Output at 5 Years* and 78% Initial Light Output at 10 Years*
- » Quick and simple installation
- » Suitable for continuous row mounting
- » 5-Year standard, up to 10-year optional warranty

HOSEDOWN SERIES

The Hosedown Series features LED high bay fixtures for use in demanding environments that require watertight seals including food/beverage processing, cold storage, warehouses, garden centers, and industrial facilities. Engineered with the latest energy efficient LED technology, each model includes an injection molded fiberglass body with a sturdy lens to withstand hosedown cleaning environments where extreme moisture and dust are factors.

- » Watertight seals
- » Four low-profile models
- » 4000K or 5000K color temperatures
- » Clear or frosted acrylic lens options
- » Supports 120–480V inputs
- » Support brackets for easy installation
- » Durable UL SVA fiberglass housing
- » L93 at 60,000 hours
- » Wet, high pressure hosedown, interior or exterior applications (IP69K)
- » Up to 10-year warranty
- » Suitable for simultaneous use in:
 - T4 Class I, Division 2 Groups A, B, C, D
 - T4 Class II, Division 2, Groups F, G and T4 Class III
 - Ambient temperature range $-20^{\circ}\text{C} \leq T_a \leq 40^{\circ}\text{C}$
- » Conforms to NSF/ANSI STD 2

ESSENTIAL SERIES TASK LIGHT

The Essentials Task Light is the newest member of the award-winning Essentials Series family of high efficacy LED fixtures. With on-board dimming, this durable fixture can replace any array of fluorescent or incandescent task lights in a single form factor. Users will immediately feel more comfortable with the reduction of heat output, zero striation, and the ability to adjust illumination levels as needed.

- » 3000 lumen offering
- » 28" length available
- » 8' cord
- » Fully dimmable light output
- » 4000K or 5000K color temperatures
- » Frosted polycarbonate lens
- » Supports 120–277V inputs
- » L70 at 200,000 hours
- » Quick and simple installation
- » 5-Year standard, up to 10-year optional warranty

Color Temp	Watts ¹	Lumens ¹	Efficacy ¹	CRI ²
4000K	25W	2,850	114	80
5000K	25W	3,000	120	80

¹ Typical at 220V and 77°F (25°C). ² Typical CRI.
