# SIMPLIFYING BUILDING MANAGEMENT WITH WIRELESS INTELLIGENCE

SIMPLIFY YOUR LIGHTING WITH

AUDACY®

BE AUDACIOUS

Visit **www.audacywireless.com** to learn more.

SIMPLE

Easier to install and adjust than any other wireless lighting system

Integrates with existing Building Automation Systems
Uncomplicated and easy to program online Interface

INNOVATIVE

Can help achieve compliance with the newest ASHRAE codes, CA Title 24 requirements, and LEED certified

25 year maintenance-free battery life

ALSO COMPATIBLE WITH

Armstrong®

CEILING & WALL SYSTEMS

Visit **www.armstrong.com/dcflexzone** to learn more.

DC FlexZone™ quickly and easily adds, changes and rearranges light fixtures, sensors, and other devices without rewiring

Innovative ceiling grid system that safely distributes low voltage DC power through the acoustical ceiling suspension system

WIRELESS HVAC SENSORS BY

IDEAL®

Visit **www.idealwirelesssensors.com** to learn more.

Integrates with existing Building Automation Systems

25 year maintenance-free battery life

Wireless Controls include: Carbon Dioxide, Temperature, Humidity/ Dew Point, Light Level, Differential Pressure, Dry Contacts
