

Why LogCheck?

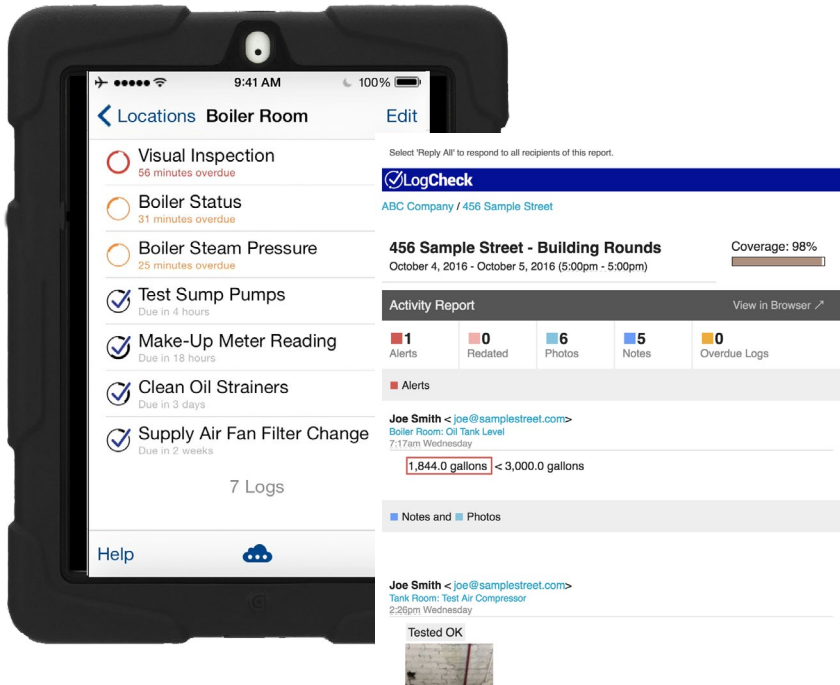

Why chief engineers use LogCheck to make sure their buildings and their teams always run at their best.

Relied on by teams at top management companies including:

LogCheck

LogCheck is the only mobile routine inspection app that was designed by engineers, for engineers. Your staff will actually enjoy using it, and you'll gain vital insights that will help you stay on top of your facility and prevent issues.

- **Create accountability for recurring activities**
- **Provide your team with instructions, details, and resources in the field**
- **Analyze data to catch issues before they become problems**
- **See what is out of range or requires attention**
- **Browse photos to see the whole picture, from anywhere**

On top of that, LogCheck provides you an easily accessible and exportable record of your routine inspections and PMs. Simply find any record, note, or photo. Analyze data, document performance, and protect your team.

At LogCheck, our mission is to improve the human element of operations and maintenance. Try it today and see how it can benefit you and your team.
