

# WHAT'S DIFFERENT ABOUT US?

## We Guarantee Your Investment with Our Triple Ten Guarantee

- 10 years of guaranteed production!
- 10 years of system monitoring!
- 10 year workmanship warranty!

## We Are Grant Professionals

- All grant paperwork is performed by our employees
- We have a 75% success rate in obtaining competitive USDA Grants for our Customers

## Our Values

**FAITH** - We believe there is one true God and that he has created us to be in relationship with Him. It is our responsibility to live out our faith, and to love Him and others.

**INTEGRITY** - We are respectful, trustworthy, honest, excellent and thoughtful in all we do and say. Using biblical principles as our guide, we do what is right all the time, no matter what.

**INNOVATION** - We exercise creativity, resourcefulness and ingenuity every day. We overcome obstacles, take calculated risk, think outside the box and seek new opportunities.

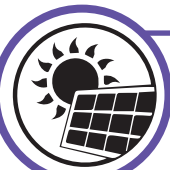

**TEAMWORK** - We realize the power of an energized team and recognize that everyone is a leader here. We are humble individuals, with our own unique God-given gifts, abilities and experiences that come together with passion, enthusiasm and commitment to fulfill a common purpose.

**STEWARDSHIP** - We invest in people, community and the future. We seek to bless and create a bright and sustainable future for all people by using the resources we have been given.

## We Take Care of Customers

- Turnkey projects. The upfront price is the final price!
- All aspects of your project will be managed by our employees

## We Are Solar Experts

- All employees successfully complete a 60-hour Solar Training course. We have NABCEP Certified energy professionals and an electrical engineer on staff.
- We lead you through the solar energy investment process and help you maximize your Savings, Security and ROI!

Call us at 877-851-9269 to see how YOU can benefit from going solar!

# Paradise Energy Solutions

Your Solar Energy Professionals

CREATING A BRIGHT & SUSTAINABLE FUTURE FOR ALL PEOPLE.

Phil Wells - Shelmire Investments | 28.8kW Ground Mount

"My solar system is great. Paradise Energy uses superior quality equipment and they continue to give great post-installation service. I like that I was always well-informed about the progress of my project and I value their focus on quality workmanship."

# WITH SOLAR YOU CAN ENJOY THE SAME TAX BENEFITS FOR JUST 50% OF THE INVESTMENT

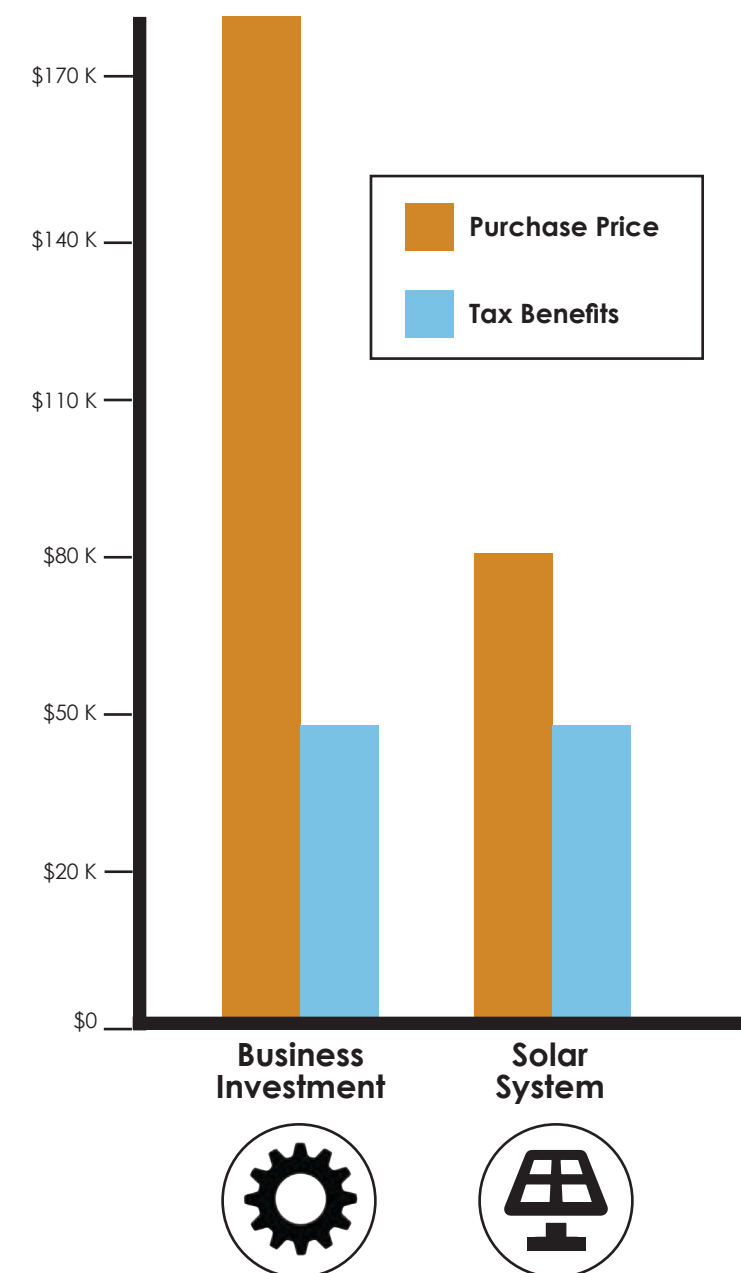

THE HARDWARE STORE | 38.64 kW ROOF MOUNT

# SOLAR MAKES DOLLARS & SENSE FOR MARYLAND BUSINESSES

When the owners of solar electric systems turn a roof into their own electricity generating plant, they are locking in their electric cost for decades and adding a possible significant source of income. They are also obtaining a federal tax credit that can be carried forward, if unused in the first year, and investing in an asset that qualifies for a 5 year depreciation schedule. All of these benefits can be received, while not affecting real estate taxes or their maintenance requirements.

## Purchase Price vs Federal Tax Benefits

## WHICH ONE IS THE BETTER INVESTMENT?

Other Business Investment	Solar System
<b>Purchase Price:</b>	<b>Purchase Price:</b>
\$192K	\$92K
<b>5 Year Total Federal Tax Benefits:</b>	<b>5 Year Total Federal Tax Benefits:</b>
\$48,000 <small>(Depreciation)</small>	\$48,000 <small>(Tax Credit &amp; Depreciation over 5 years)</small>
<b>Ongoing Operating Costs:</b>	<b>Ongoing Operating Costs:</b>
Interest Insurance Housing Repair Cost Labor Cost	Interest Insurance
<b>Pros:</b>	<b>Pros:</b>
<ul style="list-style-type: none"> <li>Generate business income</li> <li>Increases Efficiency</li> </ul>	<ul style="list-style-type: none"> <li>Protects against future energy rate increases</li> <li>Makes money without management</li> <li>Eliminates electric bill</li> <li>Decreases overhead cost</li> </ul>
<b>Cons:</b>	<b>Cons:</b>
<ul style="list-style-type: none"> <li>Costs more money with each use</li> <li>Only profitable when operating</li> <li>Investment returns slowly</li> <li>No Federal Tax Credit</li> </ul>	<ul style="list-style-type: none"> <li>Takes up space on Roof or land</li> <li>No Sun = No Revenue</li> </ul>

## Business Sample

### 30 KW SYSTEM BASIS: \$340/ MONTH ELECTRIC BILL

### Solar Electric Bill Benefits

#### Tax Credits, Depreciation & Incentives

You will receive a Federal Tax Credit for 30% of the cost of your system and can depreciate it on a 5 year schedule.

#### Electric Savings

Using solar energy, you generate your own electricity, so you don't have to buy as much (if any) from the utility company. We design your solar system, so it is just the right size.

#### Solar Renewable Energy Certificates

Your system will produce SRECs, which we manage for you. They are then sold to the Utilities to help offset the cost of the system.

#### Return on Investments

And best of all, you're receiving a guaranteed ROI for the next 30 years!

Total Installed Cost .....	<b>\$84,490</b>
Federal Tax Credit .....	<b>\$25,347</b>
Federal Depreciation* .....	<b>\$23,427</b>
Maryland State Grant .....	<b>\$1,800</b>
Net Cost After Incentives .....	<b>\$33,916</b>
Annual Electric Savings .....	<b>\$4,125</b> (37,500 kWh)
SREC Income .....	<b>\$956</b> (\$26/credit)
Expected System Payback .....	<b>7 Years</b> (@16.6% ROI)

\* Depreciation is calculated with a 25% rate
