

At **Pavement Corporation** we combine leading edge technology and experienced staff to simplify the process; from proposal creation to job completion.

Pavement Corporation services local and national accounts exclusively for all of their **capital improvement** asphalt and concrete needs. In addition to capital improvement projects we offer **on call repair service** for pothole repairs, seal coating, crack sealing, line striping, catch basin collapses, trip hazards and other “on demand” services to enhance safety in your parking lots, roadways or sidewalks.

Serving customers in Maryland, Virginia, Washington, D.C., Delaware and West Virginia.
