

Definition:

An island exhibit space is 400 square feet or larger with aisles on all four sides.

Use of Space:

An island space is separated by the width of an aisle from all neighboring exhibits so full use of the exhibit space is permitted.

Carpet:

Due to COVID, in 2022 we will not have aisle carpet. Exhibitors will NOT be required to carpet their exhibit booth space. If you would like to carpet your exhibit space, please see Freeman's rental carpet or you may bring your own.

Height:

All display fixtures, components including graphics and identification signs are allowed a maximum height of **18ft.** Some venues have low ceiling areas so please check the service manual for any notices for exhibit spaces in a low ceiling location.

Multi-level or Ceilings:

Exhibitors installing a display with a ceiling or second level must meet all building, fire safety and structural integrity regulations.

All exhibit spaces must adhere to display regulations:

Including ADA, demonstrations, lighting, sound, structural integrity, and storage.
