Machinery Rates

This form is intended for machinery only. For all other shipments, please refer to the Material Handling Rate page.

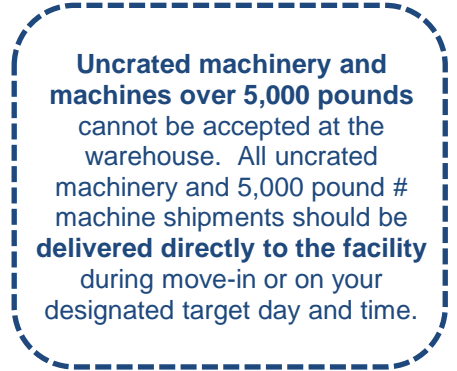

Important Things to Know!

- 1 Use of these specially discounted rates are for your **machinery shipments only**.
- 2 **Certified weight tickets** are required for all shipments.
- 3 **Mixed load** shipments without separate weight tickets **do not qualify** for the machinery rates and will be invoiced at the regular material handling rate. Adjustments will not be made.
- 4 When shipping a mixed load, separate weight tickets are required to distinguish between machinery and exhibit materials.
- 5 All shipments must have **proper inbound Bill of Lading** or carrier bill with weight breakdowns.

All other freight will be billed at **regular** Material Handling Rates.

For all Machine shipments, Shepard will do the following:

- Receive shipments consigned directly to the facility on installation days
- Deliver your machine to your booth
- Remove and store your empty containers
- Return your empty containers to your booth
- Load your outbound shipment on your carrier of choice

**A special handling rate is charged for extra labor or equipment required to unload or load machinery when it cannot be unloaded or loaded with a forklift in a normal manner. Examples of material handling requirements warranting special handling charges are: Rigging equipment on or off of a truck using jacks, chains, rollers, skates, straps, or cables; the use of multiple forklifts due to the length of the machinery or the lack of lifting points on the machinery, or due to the type of vehicle transporting the machinery.

We understand that your calculation is only an estimate. Invoicing will be **calculated from actual certified weight ticket** or reweigh ticket on inbound material handling receiving report. Adjustments will be made accordingly. Any adjustments to charges must be made at show site. I acknowledge that all Material Handling charges are billable and will be charged to the credit card on file.
